## Welcome to the first Newsletter of the Year

Here we are! A new school year is upon us and I'm so excited at what lies ahead. Seeing the children come back to school on Thursday was marvellous. We'd had 3 very good inset days having staff training, getting the school ready and so on. But a school with no children in isn't quite right! The children's smiles, enthusiasm for school and happiness to get cracking was fantastic. It is now our job to make sure we provide your children with the very best learning opportunities and experiences. It is a challenge I am very much looking forward to.

Let's get Learning!

## Some dates for your diary

Important school dates will be available online in due course. For now here are the dates so far for the first half term.

Year 6 like the rest of the school were ready to come back to school and get stuck into learning. I was really impressed with how quickly and well the children settled back into school life. Awesome work children!

## A special welcome to Nursery and Reception children and Families

We are delighted to welcome our Nursery and Reception children into BIG school this week. It's always a special time when children begin these landmark years. I'm sure I'll be giving out a lot of gold stickers in the coming week. An extra special welcome to families that are new to Lowther—we hope you love being part of the Lowther School Family.

## The Grand opening 2012

We are planning an opening party for the new building. It will be a mixture of performances from some of the children, a few thank yous, tours and a community tea party and games afternoon.

It's due to take place on Friday 28th September 2012 from 2-3pm with the tea party then from 3-5pm. It'd be lovely to get a really big turn out. If you have children or friends that used to come to Lowther please invite them along too. We'd love everyone to join in the celebration. Further details to follow but please pencil the date in for now.

## Sport, Olympics and competition

Weren't the Olympics and Paralympics amazing?! I loved every minute of it. We certainly intend to build on the momentum created by the success of both games. At Lowther for some time now we have believed in the right balance of participation and competitiveness in sport. We want all the children to have great involvement in sport but that must be coupled with some elements of competitiveness. To be really good at a sport you have to have that competitive drive. Our job is to nurture that and to ensure children know how to balance that with a sense of fun and enjoyment of being active.

As well as Mr. Pritchard continuing to offer specialist PE teaching this year for Years 2 –5 Tania is currently busy organising the clubs schedule for this year — we intend to have an even bigger and better selection than ever before — so watch this space.

## Final Building Update

I'm sure like me you're itching to have a look around the new building.

We have planned some special open days for parents and families to come and have a look around the new facilities in case you can't make the sneak preview on the 17th.

These will take place on

Monday 24th September from 8-845am and from 2—3pm

Tuesday 25th September from 8-845 and from 530—630 pm

I look forward to showing you round our wonderful new facilities.

## Parentmail

This is the easiest and quickest way for you to stay in touch with important events at school. Most families have signed up but if you haven't please do so at the school office.

## PTA — join in!

The PTA is a great way to get involved in school life. Do think about getting involved—they're all a very friendly crowd and there is no commitment. Just do what you can. The PTA have done so many things that help make a difference for the children.

## Parent Survey Results 2012

Thank you for taking the time to fill out the surveys included with your child's end of year report. We had responses from just under 100 families. The results of your views are included here for information. Rest assured this plays a vital part in helping the school to prioritise areas for improvement. Thanks again for helping us with this.

## Open House

We are delighted to again be part of Open House weekend. This is a London wide opportunity for the public to see buildings they wouldn't normally be able to. Our wonderful Foundation Stage will be on show from 10 -1 on Saturday 22nd September,

## Hot Healthy Lunches this year

We have some exciting plans for launching a new and improved hot meal service this year upon completion of the new cooking facilities. Please read all the details on the attachment to this letter.

We can't wait for healthy hot meals at Lowther!

## School priorities for 2012-2013

Each year the senior leaders alongside governors review the school year and decide on the priorities for the coming year. We have now done this piece of work—it includes lots of different aspects of school life and really focuses on the key stepping stones to keep moving Lowther onwards and upwards. If you'd like to know about these plans you are very welcome to drop in and see Mrs Colenso or myself.

Our number 1 priority this year is focused on classroom practice—the nuts and bolts of school life. We want all lessons to be good or better. This is always a focus, but this year we are really focused on ways to make teaching truly superb. We have a wonderful team at Lowther who are all fully committed to the school but also to developing and improving their own practice. It should be a great year of wonderful teaching and exciting learning.

## Welcome back to former pupils

I am delighted that this year we will be offering two clubs to former pupils. The chef's will be running a cookery club for Years 7-9. This will be every Thursday in our amazing new teaching kitchen. I will be running a basketball club every Wednesday from 4.15 to 5.15pm to any children who are Lowther graduates. Further details to follow but for now spread the word.

## New School Building Tour

### Important News regarding the new building

We are all very excited about finally getting the children into the new building space. Lakehouse have been working tirelessly to keep to the programme and to ensure that the quality we expect at Lowther is met.. The complex nature of the design and the stringent demands governors and the school are putting on the construction team mean that to ensure the very highest quality finish for your wonderful children is taking a little more time than initially expected. Lakehouse have indicated that the construction will now be complete on the 17th September but there are a number of other things that we have insisted are fully finished before we accept handover. This does mean that the children will not be moving in now until Monday 24th September 2012. I hope you understand why we have delayed this for a week. Come and see for yourself on the 17th and you will see the quality, level of detail and inspiring work space that Lakehouse have created. It WILL be worth the extra little wait. We look forward to showing you round on Monday 17th and the children starting on the 24th.

If you'd like to visit on Monday then please let the office know so we know what numbers to expect. Thank you.
