## Year 4 News

Lowther Primary School

Issue 3

14.4.15

### Dates for your diary

29.4.15 — 1.5.15	Kingswood
7.5.15	Art Exhibition
10.6.15	Hampton Court
17.5.15	Sing up Concert

### The countdown is on... we are all excited about Kingswood!

Two and a half weeks to go until the children pack their bags for what will be an amazing couple of days away. The activities the children will be doing include: aero ball, archery, a pool party and the 3G swing, which was a highlight last year. We will stay in touch through Twitter and the school office. If you send in a memory stick the week after our return we will give you a copy of all the photographs we take.

### The Spring Term

Another jam packed term of learning during which we saw all the children make progress in all areas. Some of the highlights of the term include:

- The amazing project homework,
- A Midsummer Night's Dream,
- Circus skills—they have been walking on stilts, spinning plates, tight rope walking, uni-cycling
- Learning the songs for the 'Sing Up' concert (details to follow),
- The concerted effort being made by most children to learn their times tables,
- The number of children who read nightly at home
- Rainforest art pictures.
- Our entries in to the Great Lowther Bake Off Competition—theme—pizza from around the world!

4J's Argentinian pizza

4B's Polish pizza

World Book Day!

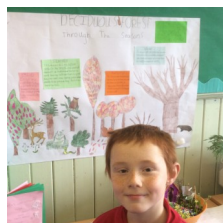

Kew Gardens—  
looking at  
products from the  
rainforest.

### Project Homework

The children completed the most amazing homework last term based on the Rainforest and A Midsummer Night's Dream. A huge range of projects were handed in—powerpoints, posters, models, booklets and many more. Some children had grown grass and collected items from the Common. All the children made a great effort and should feel proud of their results.

**Winners:** Freddie 4B and Madeleine 4J

And finally...

As we head in to the final term of the year there is still lots to be done. This term we will be swimming at St Paul's every Tuesday—this is a very important part of the PE curriculum. We are going to be reading Charlotte's Web in literacy and in maths it is Fractions, multiplication and division, shape and measures.

Hopefully the sun will shine too!

### What the children thought about the Spring Term

'Loved being in the play!' 'I can walk on stilts—they are awesome.'

'I learned about the different animals that live in a rainforest.'

'Did you know orange juice is worse for your teeth than coke?'

'Our tooth decay experiment was fun but it did smell.'
