

SEND Policy

Policy reviewed: July 2022

Next review: July 2024

1. Aims

Our SEND policy and information report aims to:

- show how our school will support and make provision for pupils with special educational needs or disability (SEND)
- explain the roles and responsibilities of everyone involved in providing for pupils with SEND

Learning difficulties and disabilities and special educational needs are of varying kinds and intensity. They may be temporary or permanent. Lowther Primary School is committed to an inclusive approach to learning, and promotes full access to a broad and balanced curriculum to enable all pupils to reach their full potential. Most pupils' needs will be met by the school in the normal course of school activity, but some pupils may require additional support some or all of the time. The school works in partnership with pupils and parents, and where appropriate outside agencies are consulted to support the needs of individual pupils.

2. Legislation and guidance

This policy and information report is based on the statutory Special Educational Needs and Disability (SEND) Code of Practice and the following legislation:

- Part 3 of the Children and Families Act 2014, which sets out schools' responsibilities for pupils with SEND
- The Special Educational Needs and Disability Regulations 2014, which set out schools' responsibilities for education, health and care (EHC) plans, SEND co-ordinators (SENDCos) and the SEN information report

3. Definitions (SEND Code of Practice 2014)

A pupil has SEND if they have a learning difficulty or disability which calls for special educational provision to be made for them.

They have a learning difficulty or disability if they have:

- A significantly greater difficulty in learning than the majority of others of the same age, or
- A disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools

Special educational provision is educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

A child must satisfy the definition of disability, as described in Part 6 of the Children and Families Act.
